## Verse 1:

If I should fly over mountains  
Even if I could You are there  
When I rise in the sunlight  
I can see Your eyes You are there

## Pre-Chorus 1:

Away in the western wild  
The distant horizon line  
You are even there

## Chorus:

**If I climb to the sky  
If I fall into the deep  
You'll reach me even there  
Your love shines everywhere**

## Verse 2:

When I was born even long before  
This child was formed You were there  
When I go home there in the beauty  
I won't be alone You'll be there

## Pre-Chorus 2:

Oh marvelous Glory-Maker  
Should the whole world be shaken  
You will still be there

**(Chorus)**
