## **(Capo 1)**

### **Verse 1:**

Here is Your bride. We are standing here together  
Ready to rise and be with You forever  
With love in our eyes we will meet in the sky  
Jesus come, please come

### **Verse 2:**

Here is Your church in the power of Your Spirit  
Give us Your Word, how we need to hear it  
You said that you will, oh but our prayer is still  
Jesus come, please come

### **Chorus:**

**Love stands before us now  
The whole earth is reaching out  
Yearning for Your renown  
Jesus come, come, come  
Jesus come, come, come**

### **Verse 3:**

Waiting, we long for the glory of Your presence  
Standing in awe as we worship You in reverence  
We will arrive because You are alive

### **Bridge:**

Let Your glory be revealed  
Let Your glory be revealed  
Let Your glory be revealed in my life, in my life
